Our Vision . . .

The Wyoming City Schools will provide students with an educational experience that fosters the achievement of individual excellence, while creating a foundation for responsible citizenship and life-long learning.

Our History . . .

In 1842, community residents built Wyoming's first officially recorded schoolhouse. The district was created in 1874 when the Village of Wyoming incorporated.

Since that time, the Wyoming City Schools have grown into one of the finest public school districts in the United States. Families from all over the world seek out Wyoming because of its outstanding schools, and many graduates return here with their families, resulting in a strong sense of community and support for the schools.

Community Support . . .

Wyoming residents value education and are deeply involved in their schools through volunteer efforts and support of levies.
