*AND*

Earn a cumulative passing score of 18 points using seven end-of-course-state tests (six for the class of 2023 and beyond). Students must earn a minimum of 4 points in math, 4 points in English and 6 points across science and social studies. End-of-course exams are: algebra I and geometry, English II, biology, American history and American government. Students must also earn a “remediation-free” score on a nationally recognized college admission exam such as ACT or SAT. (See Student Handbook for more information).

## PROPOSED 4 YEAR PLAN

Courses: Use a slash to indicate semester courses (example: Metals/Ceramics)

Semester courses earn .5 (except for PE .25) Year-long courses earn 1.0 credit.

No credit is awarded for study hall

## CREDIT FLEXIBILITY

The Wyoming City School District offers credit flexibility that will enable students to earn high school credit by: a) completing coursework, b) testing out of or demonstrating mastery of course content, c) pursuing one or more educational options, or d) any combination of the above.

Students choosing to take advantage of this opportunity must complete the Wyoming High School Credit Flexibility Application and submit it to the High School Counseling office no later than **March 2, 2020**. Applications are available online at [www.wyomingcityschools.org](http://www.wyomingcityschools.org) under High School Credit Flexibility. All applicants will receive notification of approval within ten days of the deadline in order to accommodate appropriate schedule changes. Any student who applies after the deadline will not be eligible for the credit flexibility option during the upcoming school year.

## COLLEGE CREDIT PLUS

### PROGRAM ELIGIBILITY

College Credit Plus (CCP) gives eligible students, in grades 7-12, the opportunity to earn high school and college credit simultaneously through completion of college courses. Students are permitted to take up to 30 college credit hours per school year, but not more than 120 credits throughout their high school career. The 30 credit calculation includes high school credits taken during the planned CCP school year. Any student admitted to a course by an institution of higher education will be expected and required to perform at the same level as the institution's regular students. No special courses will be designed for high school or middle school students. Students can participate in CCP only if they have been accepted by a college or university in accordance with guidelines set up by the post-secondary institutions.

Prior to **February 1**, the district will provide information about the College Credit Plus Program to all students in grades 7-12. An informational session will be held and all colleges and universities within a 30-mile radius will be invited to attend before **February 15<sup>th</sup>**. If you cannot attend, schedule an appointment with your school counselor. A formal application of "intent to participate" must be received in the Wyoming High School Counseling Office by **April 1st** of the year preceding enrollment in CCP. CCP students can enroll in summer, fall, and winter courses. Students interested in participating in summer CCP are encouraged to start the college application process in February.

### Unsuccessful Completion of a Course

Classes failed or withdrawn with an "F" will receive an "F" on the high school and college transcripts. The grade will be computed into the high school and college GPA. Additionally, if a student does not receive a passing grade, the district will seek reimbursement for the amount of funds paid. The school district may withhold grades and credits received for high school courses taken until reimbursement has been made.

**COLLEGE CREDIT PLUS AND IMPACT UPON GRADUATION:** A diploma will not be issued until college coursework taken for high school credit is completed and an appropriate transcript is received by Wyoming High School. Textbooks and related supplemental materials purchased for the student under the provisions are the property of the school system. Students should contact the CCP high school counselor for instructions on returning texts and supplemental materials. No high school credit will be issued until all materials have been received.

**The College Credit Plus information session is January 30, 2020 at 6:30 pm in the high school cafeteria.**
