D. Discussion: 2021-2022 District Calendar

Mr. Weber shared the first read of the 21-22 calendar.

E. Discussion: Second Semester Planning

Mr. Weber shared initial thoughts for second semester planning. Components of the plan are being reviewed to determine what has worked well and what areas might need changed. Learning options include three models: every day in-school instruction, remote learning, and hybrid. Zoom has been the tool used to facilitate instruction to remote learners with specific staff members connecting routinely with remote learners. A potential change under review is the data used to drive movement from every day in-person instruction to the hybrid model. Health and safety provisions of the plan that will continue include our cleaning schedules and daily health assessments. Operationally, the limited visitor policy will be maintained along with isolated nurse clinics. Transportation will be reviewed as students potentially return from remote learning, as will field trips. Mr. Weber encouraged families to reach out if they have technology or access needs as well as the need for social emotional supports.
